Publication of submissions

We publish submissions at our discretion. We generally publish submissions on our [website](#) to encourage discussion and inform the community and stakeholders about consultation responses. Please let us know if you do not want your submission published.

We will not place on our website, or make available to the public, submissions that contain offensive or defamatory comments or which are outside the scope of the subject of the consultation. Before publication, we may remove personally identifying information from submissions, including contact details.

We can accept submissions made in confidence. These submissions will not be published on the website or elsewhere. Submissions may be confidential because they include personal experiences or other sensitive information. A request for access to a confidential submission will be determined in accordance with the *Freedom of Information Act 1982* (Cth), which has provisions designed to protect personal information and information given in confidence. Please let us know if you do not want us to publish your submission or if you want us to treat all or part of it as confidential.

Published submissions will include the names of the individuals and/or the organisations that made the submission unless confidentiality is expressly requested.

Your responses to the consultation questions

1. Do you have any comments on the terms and/or meanings in Table 1 of the draft proposed initial glossary?

Please add your comments to the following table and add a new row for each term you have a comment for.

Term	Comments or suggested edits
<i>Example: Consumers</i>	<i>Example: suggest embedding 'employer' in the proposed meaning for the term consumers</i>
Interprofessional collaborative practice also known as interprofessional collaboration and collaborative practice	Refers to health care practice where multiple health workers from different professional backgrounds work together with patients, families, carers and communities to deliver the highest quality of care across settings. Suggestion: include alternative term "team-based care"
Professional accreditation assessment team	P 5/14 Unable to identify the source of the term in the link provided. Suggestion: Remove the word "professional" from the term as it could be used to refer to the team as a professional team as opposed to a team of professionals in the appropriate field.

2. Are there any other terms you believe may be relevant to the areas of the committee's advice and that you would like to see included in a future version of the glossary?

No

3. Do you have any general comments or other feedback about the draft proposed initial glossary?

No
