AUSTRALIAN NATIONAL GUIDELINES FOR THE MANAGEMENT OF HEALTHCARE WORKERS LIVING WITH BLOOD BORNE VIRUSES AND HEALTHCARE WORKERS WHO PERFORM EXPOSURE PRONE PROCEDURES AT RISK OF EXPOSURE TO BLOOD BORNE VIRUSES

The Communicable Diseases Network Australia (CDNA) has published these guidelines. The following is a summary of the requirements in the CDNA guidelines:

Healthcare workers who perform exposure prone procedures (EPPs) must take reasonable steps to know their blood-borne virus (BBV) status and should be tested for BBVs at least once every three years. They are also expected to:

- have appropriate and timely testing and follow up care after a potential occupational exposure associated with a risk of BBV acquisition
- have appropriate testing and follow up care after potential non-occupational exposure, with testing frequency related to risk factors for virus acquisition
- cease performing all EPPs if diagnosed with a BBV until the criteria in the guidelines are met, and
- confirm that they comply with these guidelines when applying for renewal of registration if requested by their board.

Practitioners who are living with a blood-borne virus and who perform exposure-prone procedures have additional requirements. They are expected to:

- be under the ongoing care of a treating doctor with relevant expertise
- comply with prescribed treatment
- have ongoing viral load monitoring at the appointed times
- not perform EPPs if particular viral load or viral clearance criteria are not met (see detailed information in the guidelines according to the specific BBV)
- seek advice regarding any change in health condition that may affect their fitness to practise or impair their health
- release monitoring information to the treating doctor
- if required, release de-identified information to the relevant area of the jurisdictional health department/Expert Advisory Committee, and
- if required, release health monitoring information to a designated person in their workplace in the event of a potential exposure incident to assess the requirement for further public health action.

Additional information can be found in the CDNA *Australian National Guidelines for the Management of Healthcare Workers Living with Blood Borne Viruses and Healthcare Workers Who Perform Exposure Prone Procedures at Risk of Exposure to Blood Borne Viruses* available online at <https://www.health.gov.au/resources/collections/cdna-national-guidelines-for-healthcare-workers-on-managing-bloodborne-viruses?language=en>

Continuing professional development is an interactive process to maintain, enhance and extend the practitioner's knowledge, expertise and competence throughout their career. It is an important component in the continued provision of safe and effective services.

For more information, view the full registration standard online at www.podiatryboard.gov.au/Registration-Standards

CRIMINAL HISTORY

- every conviction of a person for an offence
- every plea of guilty or finding of guilt by a court of the person for an offence, whether or not a conviction is recorded for the offence, and

Under the National Law, spent convictions legislation does not apply to criminal history disclosure requirements. Therefore, you must disclose your complete criminal history as detailed above, irrespective of the time that has lapsed since the charge was laid or the finding of guilt was made.

The Board will decide whether a health practitioner's criminal history is relevant to the practice of the profession.

Impairment means a physical or mental impairment, disability, condition, or disorder (including substance abuse or dependence) that **detrimentally affects or is likely to detrimentally affect your capacity to practise the profession.**

The National Law requires you to declare any impairments at the time of application. If you have an impairment, you will need to provide details of the impairment and how it is managed.

PRACTICE

Practice means any role, whether remunerated or not, in which the individual uses their skills and knowledge as a practitioner in their regulated health profession. Practice is not restricted to the provision of direct clinical care. It also includes using professional knowledge in a direct non-clinical relationship with patients or clients, working in management, administration, education, research, advisory, regulatory or policy development roles and any other roles that impact on safe, effective delivery of health services in the health profession.

PROFESSIONAL INDEMNITY INSURANCE (PII)

You must have PII, or some alternative form of indemnity cover that complies with the Board's registration standard, for all aspects of your practice. Initial registration and annual renewal of registration requires a declaration that you will be covered for all aspects of practice for the whole period of the registration. You may be covered by your Australian employer's PII - you will need to confirm this with your employer.

For more information, view the full registration standard online at www.podiatryboard.gov.au/Registration-Standards

REGENCY OF PRACTICE

To ensure that you are able to practise competently and safely, you must have recent practice in the scope in which you intend to work during the period of registration for which you are applying.

To meet the standard you must have practised at least:

- 450 hours within the previous three years, or
- 150 hours within the previous 12 months in your intended scope of practice.

If you have been absent from practice, the specific requirements for recency depend on your scope of practice, your level of experience and the length of absence from the scope.

If you propose to change your scope of practice, the Board will consider whether your peers would view the change as a normal extension or variation in a scope of practice, or a change that would require specific training and demonstration of competence.

Practitioners who are unable to meet the Board's registration standard for recency of practice may be required to complete professional development activities, submit a plan for re-entry to practice or other training or assessments.

For more information, view the full registration standard online at www.podiatryboard.gov.au/Registration-Standards
