

# **Application for limited registration for teaching or research**

Profession: Chiropractic

Part 7 Division 6 of the Health Practitioner Regulation National Law (the National Law)

This form is for internationally-qualified chiropractors who are not qualified for general registration and who wish to apply for limited registration to fill a teaching or research position.

A chiropractor under this category of registration is not eligible to undertake clinical practice. Candidates wishing to engage in clinical practice should apply for general registration. For more information, see *Practice* in the *Information and definitions* section of this form.

This type of limited registration is granted for a period of no more than 12 months and may only be renewed three times. If limited registration has been renewed three times, a new application can be made, which will need to meet the requirements set out by the Chiropractic Board of Australia (the Board) at that time.

The Board expects that applicants seeking limited registration for teaching or research will have a sponsor/employer that supports the application. If employment in the teaching or research position is not maintained, the applicant can no longer practise chiropractic.

Applicants are recommended to submit their application with supporting documentation at least two months prior to commencement of the employment position to ensure time for the application to be assessed.

It is important that you refer to the Board's guidelines before completing this application. Registration standards, codes and guidelines can be found at www.chiropracticboard.gov.au

This application will not be considered unless it is complete and all supporting documentation has been provided. Supporting documentation must be certified in accordance with Australian Health Practitioner Regulation Agency (Ahpra) guidelines. See *Certifying documents* in the *Information and definitions* section of this form.

# **Privacy and confidentiality**

The Board and Ahpra are committed to protecting your personal information in accordance with the *Privacy Act 1988* (Cth). The ways the Board and Ahpra may collect, use and disclose your information are set out in the collection statement relevant to this application, available at

#### www.ahpra.gov.au/privacy.

By signing this form, you confirm that you have read the collection statement. Ahpra's privacy policy explains how you may access and seek correction of your personal information held by Ahpra and the Board, how to complain to Ahpra about a breach of your privacy and how your complaint will be dealt with. - every conviction of a person for an offence
- every plea of guilty or finding of guilt by a court of the person for an offence, whether or not a conviction is recorded for the offence, and
- · every charge made against the person for an offence.

Under the National Law, spent convictions legislation does not apply to criminal history disclosure requirements. Therefore, you must disclose your complete criminal history as detailed above, irrespective of the time that has lapsed since the charge was laid or the finding of guilt was made. The Board will decide whether your criminal history is relevant to the practice of your profession. You are not required to obtain or provide your Australian criminal history report, Ahpra will obtain this check on your behalf. But if you have not given us certified proof of identity documents since October 2019, you will need to do this first.

#### **IMPAIRMENT**

The National Law defines impairment as 'a physical or mental impairment, disability, condition or disorder (including substance abuse or dependence) that detrimentally affects or is likely to detrimentally affect your capacity to practise the profession'.

An illness or health condition that is safely managed is not the same as impairment, as these do not have a detrimental impact on your capacity to practise. Examples you do not need to tell us about include:

- wearing prescription glasses to correct your vision or hearing aids to correct your hearing, or
- seeing a psychologist for anxiety and following a treatment plan.

  The National Law requires you to declare any such imporprents at the total content of the property of the propert

The National Law requires you to declare any such impairments at the time of renewal, including details of the impairment and how it is managed.

#### **PRACTICE**

Practice means any role, whether remunerated or not, in which the individual uses their skills and knowledge as a practitioner in their regulated health profession. Practice is not restricted to the provision of direct clinical care. It also includes using professional knowledge in a direct non-clinical relationship with patients or clients, working in management, administration, education, research, advisory, regulatory or policy development roles and any other roles that impact on safe, effective delivery of health services in the health profession.

#### PROFESSIONAL INDEMNITY INSURANCE (PII)

You cannot practise as a chiropractor in Australia unless you are covered by your own, or third-party professional indemnity insurance (PII) arrangements that meet the requirements of the Board's registration standard.

Remember, practising means using your skills and knowledge as a health practitioner in any paid or unpaid role in your profession.

Initial registration and annual renewal of registration requires a declaration that you will be covered for all aspects of practice for the whole period of the registration. You may be covered by your Australian employer's PII — you will need to confirm this with your employer.

The Board requires that practitioners maintain a level of cover that is adequate and appropriate for the scope and nature of their practice. The cover must include civil liability cover, appropriate retroactive cover, automatic reinstatement and appropriate run-off cover for when they cease practice.

For more information, view the full registration standard online at www.chiropracticboard.gov.au/Registration-Standards

#### **RECENCY OF PRACTICE**

To ensure that you are able to practise competently and safely, you must satisfy the Board's *Recency of practice registration standard*.

The Board notes a distinction between clinical practice and non-clinical practice. You must be recent in the type of practice you seek to undertake. If you are recent in clinical practice you are automatically recent in non-clinical practice.

All practising registrants must have carried out at least 150 hours of practice in the previous 12 months or 450 hours of practice in the previous three years. If a practitioner satisfies the hours requirement for recency of practice but has been continuously absent from practice for two years in the previous three years then they do not immediately satisfy the recency of practice requirement and will be required to satisfy the Board as to their current competency.

A practitioner who does not satisfy the hours requirement will also be required to satisfy the Board as to their current competency.

Practitioners who have completed their qualification or an overseas-trained practitioner competency assessment within two years prior to applying for renewal of registration are exempt from this requirement.

Practitioners who do not immediately satisfy the recency of practice requirements should refer to the full registration standard online at www.chiropracticboard.gov.au/Registration-Standards

#### **REGISTRATION APPROVAL DATES**

On the date of the Board's approval – this means your registration will start on the date all application requirements are received and you're assessed as eligible for registration.

On the date below or the date of the Board's approval, whichever is the latter – this means your registration will start on the date you nominated, providing it is after the date of the Board's approval. If not, then your registration will start on the date of the Board's approval.
