Introduction

This report contains registration information about nurses and midwives registered with the Nursing and Midwifery Board of Australia (NMBA).

The functions of the NMBA are defined under the National Law, and include:

- Registering nurses, midwives and students of nursing and midwifery
- Determining national registration requirements
- Developing professional codes, standards, guidelines and position statements to guide the practice of nurses and midwives
- Managing notifications, investigations and panel hearings
- Overseeing the assessment of internationally qualified nurses and midwives who wish to register in Australia
- Approving national accreditation standards and accredited programs of study leading to registration and endorsement
- Delegating to state and territory boards and committees of the NMBA, and Ahpra staff, the power to determine individual applications for registration and notification of a nurse's or midwife's health, performance and/or conduct, and a student's health or criminal history

Co-regulatory models apply in New South Wales (NSW) and Queensland (QLD). In NSW, notifications are managed separately by the Nursing and Midwifery Council of NSW; the NSW Board of the NMBA only manages registration matters. In QLD, notifications are received by the Office of the Health Ombudsman (OHO), who determines which notifications should be managed by the NMBA.

The NMBA's functions are supported by the Australian Health Practitioner Regulation Agency (Ahpra). For information about legislation governing the NMBA and Ahpra, see Ahpra's Legislation & Publications at www.ahpra.gov.au/Legislation-and-Publications.aspx

Ahpra has analysed the NMBA's registration data and produced a number of statistical tables[1] about registrants to share with the professions and community. This report is updated on a quarterly basis.

In April 2020, Ahpra and National Boards established a temporary pandemic response sub-register for up to 12 months to help fast track the return to the workforce of experienced and qualified health practitioners to assist with the COVID-19 pandemic. In early April 2021, the Commonwealth Health Minister requested that nurses and midwives (as well as and pharmacists, medical practitioners and Aboriginal and Torres Strait Islander health practitioners) be extended to stay on the sub-register for up to 12 months to help with the COVID-19 vaccination program only. These nurses and midwives are included in these statistics. Please see the COVID-19 page on Ahpra's website for more info.

For more information on nursing and midwifery registration, please see the NMBA's website: www.nursingmidwiferyboard.gov.au/Registration-and-Endorsement.aspx

[1] Note that the data for dual registration in the tables and diagrams includes where a nurse or a midwife may be non-practising in one category, for example enrolled nurse (non-practising) & registered nurse (practising) or nurse (non-practising) & midwife (practising).

Provisional registration

Provisional registration is a registration type used by the NMBA for registered nurses, enrolled nurses and/or midwives who want to return to the register after an absence from practice. Provisional registration enables a registered nurse, enrolled nurse and/or midwife to complete a period of supervised practice or a NMBA-approved re-entry to practice program to be eligible for general registration.

Endorsements by type

The NMBA endorsements for registered nurses are:
- Nurse Practitioner
- Registered Nurse - scheduled medicines (rural and isolated practice)

The NMBA endorsements for midwives are:
- Midwife – scheduled medicines
- Midwife Practitioner – refer Position-Statement Midwife Practitioners (7 April 2011)

Notations

Registered nurses with a sole qualification in mental health nursing or paediatric nursing or disability nursing - rather than a qualification in general nursing - are identified on the national register with a notation, which states: Solely qualified in the area of Disability Nursing / Mental Health Nursing / Paediatric Nursing.

Provisional Registration

Provisional registration is a registration type used by the NMBA for registered nurses, enrolled nurses and/or midwives who want to return to the register after an absence from practice. Provisional registration enables a registered nurse, enrolled nurse and/or midwife to complete a period of supervised practice or a NMBA-approved re-entry to practice program to be eligible for general registration.
