## Introduction

The functions of the Paramedicine Board of Australia include:

- registering paramedics and students
- developing standards, codes and guidelines for the paramedic profession
- handling notifications, complaints, investigations and disciplinary hearings
- assessing overseas trained practitioners who wish to practise in Australia; and
- approving accreditation standards and accredited programs of study.

The Board's functions are supported by the [Australian Health Practitioner Regulation Agency](#) (Ahpra). For information about legislation governing our operations see Ahpra's Legislation & Publications at [www.ahpra.gov.au/Publications](http://www.ahpra.gov.au/Publications).

The Board has analysed its registration data and produced a number of statistical breakdowns about registrants to share with the profession and community. The Board shares these breakdowns regularly. For more information on Paramedicine registration, please see the Board's website: [www.paramedicineboard.gov.au/Registration](http://www.paramedicineboard.gov.au/Registration).
