

<b>Proposed professional capabilities for paramedics</b>	
<i>Please provide your responses to any or all questions in the blank boxes to the right of the question</i>	
2. Does any content need to be amended or removed from any of the document?	Clarity required on this section in Domain 4 – monitor and evaluate the quality of practice and the value of contributing to the generation of data for quality assurance improvement programs.
3. Is there important content in these capabilities that is better placed in clinical practice guidelines or in ethical and professional guidelines, and vice versa?	A statement relating to delegation of patient care whilst maintaining responsibility for patient care
4. Is the content on cultural safety clear and helpful? Why or why not?	No comment
5. Is the language clear and appropriate? Are there any potential unintended consequences of the current wording?	Domain 1- Demonstrate knowledge of Australian Care systems; this is ambiguous as Australian health care systems vary within each state/territory. Domain 4 - Maintain an effective audit trail - could be expanded for clarity on what it means
6. Are there jurisdiction-specific impacts for practitioners, or governments or other stakeholders that the Board should be aware of if these professional capabilities are adopted?	No comment
7. Are there implementation issues the Board should be aware of?	No comment
8. Do you have any other feedback or comments on this consultation paper, process or the proposed draft proposed professional capabilities?	No comment
