CONTINUING PROFESSIONAL DEVELOPMENT (CPD)

All registered practitioners must undertake CPD as specified in the Board's *Continuing professional development registration standard* to maintain their competence to practice. CPD should be relevant to your area of professional practice and have clear learning aims and objectives that meet your requirements.

CPD activities should also have a focus on the clinical aspects of practice, including diagnosis, evidence-based practice and patient safety.

To maintain their competence to practice, all registered osteopaths (except those with non-practising registration) must:

- undertake 25 hours of CPD annually, which includes a mandatory CPD activity approved by the Board, and
- maintain a current first aid certificate at the minimum standard of a Senior First Aid (level 2) certificate or equivalent.

For more information, view the full registration standard online at www.osteopathyboard.gov.au/Registration-Standards

CRIMINAL HISTORY

Criminal history includes the following, whether in Australia or overseas, at any time:

- every conviction of a person for an offence
- every plea of guilty or finding of guilt by a court of the person for an offence, whether or not a conviction is recorded for the offence, and
- every charge made against the person for an offence.

Under the National Law, spent convictions legislation does not apply to criminal history disclosure requirements. Therefore, you must disclose your complete criminal history as detailed above, irrespective of the time that has lapsed since the charge was laid or the finding of guilt was made. The Board will decide whether your criminal history is relevant to the practice of your profession. You are not required to obtain or provide your Australian criminal history report, Ahpra will obtain this check on your behalf. But if you have not

given us certified proof of identity documents since October 2019, you will need to do this first.

Any document containing a photograph must be annotated with the statement 'I certify that this a true copy of the original and the photograph is a true likeness of the person presenting the document as sighted by me.'

You may be required to obtain international criminal history reports.

For more information, view the full registration standard online at

www.osteopathyboard.gov.au/Registration-Standards

and the requirements for supplying proof of identity and certified documents at www.ahpra.gov.au/Registration/Registration-Process/Proof-of-Identity and www.ahpra.gov.au/Registration/Registration-Process/Certifying-Documents

IMPAIRMENT

The National Law defines impairment as 'a physical or mental impairment, disability, condition or disorder (including substance abuse or dependence) that detrimentally affects or is likely to detrimentally affect your capacity to practise the profession'.

An illness or health condition that is safely managed is not the same as impairment, as these do not have a detrimental impact on your capacity to practise. Examples you do not need to tell us about include:

- wearing prescription glasses to correct your vision or hearing aids to correct your hearing, or
- seeing a psychologist for anxiety and following a treatment plan.

The National Law requires you to declare any such impairments at the time of renewal, including details of the impairment and how it is managed.

PROFESSIONAL INDEMNITY INSURANCE (PII)

You cannot practise as an osteopath in Australia unless you are covered by your own, or third-party professional indemnity insurance (PII) arrangements that meet the requirements of the Board's registration standard. You need to understand how you are covered.

Remember, practising means using your skills and knowledge as a health practitioner in any paid or unpaid role in your profession.

Initial registration and annual renewal of registration requires a declaration that you will be covered for all aspects of practice for the whole period of the registration. You may be covered by your Australian employer's PII—you will need to confirm this with your employer.

For more information, view the full registration standard online at www.osteopathyboard.gov.au/Registration-Standards

REGENCY OF PRACTICE

To ensure that you are able to practise competently and safely, you will be required to meet the Board's recency of practice requirements with any application for renewal.

To ensure you are able to practise competently and safely, all practising registrants must undertake at least 450 hours of practice in the previous three years in order to maintain recency of practice in your current domain of practice as an osteopath.

The specific requirements for recency depend on the field of practice, your level of experience and the length of absence from the field. If you propose to change your field of practice, the Board will consider whether your peers would view the change as a normal extension or variation within a field of practice, or a change that would require specific training and demonstration of competence. Practitioners who are unable to meet the recency of practice requirements will be required to submit a plan for re-entry to practice for the Board's consideration and may be required to undertake an assessment of their competency to practise or complete specific education.

For more information, view the full registration standard online at www.osteopathyboard.gov.au/Registration-Standards

Obligations of registered health practitioners

The National Law pt 7 div 11 sub-div 3 establishes the legislative obligations of registered health practitioners. Registered health practitioners are also obligated to meet the requirements of their Board as established in registration standards, codes of conduct and policies.

 - a) information about whether the practitioner is employed by another entity;
 - b) if the practitioner is employed by another entity—
 - (i) the name of the practitioner's employer; and
