Dear Sir/madam,

Re the proposed CPD Standard:

Under the proposed CPD registration standard practitioners must:

- complete a minimum of 50 hours of CPD per year that includes a mix of:
  - at least 25 per cent on activities that review performance
  - at least 25 per cent on activities that measure outcomes, and
  - at least 25 per cent on educational activities
- have a CPD home and participate in its CPD program
- do CPD that is relevant to their scope of practice
- base their CPD on a personal professional development plan.

Can you please explain what is meant by the first two points.

As a Consultant who complies with the existing AHPRA and Specialist College CPD requirements running my own practice and not currently doing clinical medicine how will the two requirements be met?

I look forward to your response

John
